Object : Reach compliant certificate for Power System Technology products

Power System Technology certifies that to the best of its knowledge Power System Technology Products meet Regulation (EC) 1907/2006 of the European Union's Registration, Evaluation, Authorization (and Restriction) of Chemicals known as REACH Regulation.

Power System Technology has no Registration obligations under Article 7, as Power System Technology produces only Articles and none of these Articles have an intended release of any Substances/Mixtures.

Power System Technology has no Notification obligations under Article 33, concerning these SVHCs, as none are present in Power System Technology Products, or are present below the 0.1% wt./wt. concentration limit.

Power System Technology requests to its suppliers to inform about their compliance to the Reach regulation.

Please refer to the following for the most current candidate list of substances:
<http://echa.europa.eu/candidate-list-table>.

Additional information on the European Union's REACH regulation can be found here:
